**TOP THIRTY
UNDER THIRTY**
HULL AND HUMBER

OUR PURPOSE

Top 30 Under 30 was founded to champion the brightest talents in our region and to show the next generation that they can achieve their aspirations right here in Hull and the Humber. In doing so, we want to make a real difference to the lives of young people and to the prosperity of local businesses in our region.

We exist to achieve **three key ambitions:**

- To recognise and celebrate our region's brightest young people
- To retain the next generation of talent by championing the businesses and opportunities that exist right here
- To empower young people making the difficult step into leadership
